

EAST RIDING STAGES RALLY 2025

Competitor Bulletin Number 7

Issued on 19 February 2025 at 22:00hrs

Dear Competitor,

As we told you in Bulletin 5, there are two Service Parks in the Service Area, each of which will hold around half the competitors. They each have their own entrance, and so included here is an allocation for each competitor.

- Service Park A is accessed by the College's main entrance to the West of Bishop Burton village.
- Service Park B is accessed by the College's village entrance about 0.7 miles to the East and in the middle of the village.
- If you can, it would make life easier for us if you could unload rally cars from trailers in the very large layby about half a mile West of the college's main entrance. If you can't do that, you can unload in the Service Park instead. Rally cars must not go to the trailer park.
- There is vehicle access from each Service Park to and from the trailer park, but vehicles must not be driven along college roads between the two service parks, and must instead use the external route (the A1079). The only exception to this is during the event, when rally cars only may travel through the college to reach the refuel area from Service Park B.
- Remember that each crew may use a space of up to 8m square, and no more. Competitors servicing together may combine their allocation however they prefer.
